Review "Christian author Gary Chapman applies his groundbreaking thinking on love to single people. In an immensely satisfying lesson, he explains that the love languages are not just skills but expressions of a deep human need to give ourselves fully to another person—even after the initial bliss ends. Offering many sophisticated insights and suggestions along the way, he explains the five languages, shows how they play out for single people at various life stages, and extends the lesson to friendships, work relationships, and personal success. Chris Fabry's reading is natural and appealing. His gentle authority and desire to help are obvious from the opening sentence and will motivate many singles to begin working on life's most important challenge." T.W. © AudioFile Portland, Maine From the Back Cover This simple concept can revolutionize all your

relationships! "Nothing has more potential for enhancing one's sense of well-being than effectively loving and being loved. This book is designed to help you do both of these things effectively." -Gary Chapman With more than 8 million copies sold, The 5 Love Languages® continues to strengthen relationships worldwide. Although originally crafted with married couples in mind, the love languages have proven themselves to be universal. Whether it's dating relationships, parents, coworkers, or friends-understanding your unique love language and that of others can significantly improve your relationships. The premise is simple: Different people with different personalities express love in different ways. Therefore, if you want to give and receive love most effectively, you've got to learn to speak the right language. The 5 Love Languages® Singles Edition will help you . . . \* discover the missing ingredient in past relationships\* learn how to communicate love in a way that can transform any relationship\* grow closer to the people you care about the most\* understand why you may not feel loved by those who genuinely care about you\* gain the courage to deeply express your emotions and affection to others Includes a study guide that's perfect for groups of any size. About the Author Gary Chapman is the author of the New York Times bestseller The Five Love Languages. With more than 30 years of counseling experience, he has the uncanny ability to hold a mirror up to human behavior, showing readers not just where they go wrong, but also how to grow and move forward. Dr. Chapman is the host of the weekly one-hour radio program Building Relationships, and has been featured at the Pentagon and United Nations. He is a prolific conference speaker and makes his home with his wife in North Carolina.

By Kelly Groce It is definitely a good book for couples and it has improved my relationship with my wife. If nothing else it shows you what things your partner is really looking for out of their spouse. I quickly found that my love language was "Acts of Service". Though it might not be sexy or macho to say that, it means more to me to have the dishes and laundry done when I come home after work or have minor home improvements taken care of before I get home. My wife and I have 2 small children and our house is hard to stay clean because every room feels like a mess. We do clean it all the time but it feels like a losing battle. My wife's love language is "Words of Affirmation". As you can tell from all these Amazon reviews I am much more of a writer than I am a talker. My wife is always looking for me to say how much I love and appreciate her because I don't say it often enough. A big part of improving your relationship with your spouse or boyfriend/girlfriend is to sticking with a date night to make sure you have quality time together. Especially if you have children or a high stress occupation. My wife and I have been together for 10 years and got stuck in the rut of an endless routine of doing everything we could for our kids, followed by daily chores and left little time for ourselves. Committing to 1 date night a week has really helped our relationship and improved our communication. I recommend the book for sure and found it inspiring and worth reading. All couples can benefit from reading this book. The only downside is I wish it could have been a little longer. The stories from the author are interesting and I would have liked to have heard a bunch of his other examples of couples that he has dealt with. It was a short book and my wife and I finished it in 4 or 5 days and that was reading it slowly. The price is easily affordable. I found it best to photo copy the test quiz at the end instead of writing in the book so we can give the book to any family or friends who are struggling with their relationship. 0 of 0 people found the following review helpful. Every couple should read it By Adriana Gadelha This book has an amazing way to look on how we love and be loved. It helps you understanding your partner and learn how they receive love so you can better love them. It has really helped me grow my relationship by learning on how to please my fiancé not by doing things I see and a expression of love but learning do to things that makes him feel loves. 0 of 0 people found the following review helpful. Such a great book if you are hoping to better understand the ... By Amanda Fish I gave this book to a friend, and now I am purchasing this once again to read a second time around with my husband. Such a great book if you are hoping to better understand the art of expressing and understanding love languages See all 11909 customer
